# Features

- **Precision Engineered Torsion-Free Subframe:** Every Motorcraft Prefabricated Kit is built on our signature integrated multi-point torsion-free subframe. Custom-tailored for your vehicle to guarantee uncompromising stability and resilience.
- **Robust Body Construction:** The heart of our design is a 60mm thick insulated panel body. It's sheathed in an ultra-tough GRP outer skin, ensuring extreme puncture resistance. Whether facing sharp rocks or harsh weather, your adventure won't be cut short.
- **CNC Machined Cabinetry:** Made with high-quality birch ply, our cabinetry undergoes precision CNC machining to ensure perfection in every cut. Tried and tested cupboard latches. Plus, you can personalise it with a choice of five refined colours.
- **Ample Fresh Water Storage:** Set off on longer expeditions with our 330L polypropylene fresh water tank. Our custom Motorcraft water fill point, fitted with rust-resistant stainless steel means filling up on freshwater has never been easier.
- **Worktop:** An Eco-friendly bamboo worktop. Designed to withstand the pressures of an on-the-move kitchen. Not pre cut, allowing you the freedom to choose the kitchen options you want; where you want them.

## Hassle-Free Set-Up

Your Motorcraft Prefabricated Kit is a blank canvas, ready for your personal touch. All that's left for you is to:

- Install the precision-crafted cabinetry.
- Choose and set up your white goods.
- Source and Install the water systems.
- Source and connect the electrical components.

All components to finish your build will be available on the Motorcraft Overland Accessories website

## Discover Efficiency with the Motorcraft Prefabricated Kit

The dream of crafting a top-tier overland conversion often comes with an underbelly of long hours and tireless effort. Our research reveals that the average enthusiast invests approximately 2,000 hours into their self-build to achieve a high-quality overland conversion. That's equivalent to nearly 83 days if worked on non-stop!

Introducing the Motorcraft Prefabricated Kit - our innovative solution to this challenge. With our precision-engineered components, meticulously designed features, and ready-to-install systems, we've revolutionised the conversion process. Our kit slashes the typical build time in half, saving you over 1,000 hours.

Why spend countless days, or even months, when you can embark on your overlanding adventure sooner? With the Motorcraft Prefabricated Kit, not only do you benefit from elite craftsmanship and premium materials, but you also regain precious time. It's more than a product; it's a promise of expedited, efficient, and exceptional overland conversions.

Embrace the future of overlanding with Motorcraft, where quality meets efficiency.

## Elevate Your Overlanding Experience with Motorcraft

Venture into uncharted territories with the confidence that you're equipped with the very best. The Motorcraft Prefabricated Kit is more than just equipment - it's an extension of your adventurous spirit.

*Experience the world differently. Experience it with Motorcraft.*
